
Mary Watson

Mary,

There's so much to say when I realize that for the past two years we have become good friends, and next year we'll be apart- "Happiness is made to be shared", and I have shared so much with you — I'll always remember it. Stag has brought many heartwarming and heart breaking experiences to both of us. I know I'll never forget you as Marian and you won't either. I've waited so long for this year to be over, and now as I look back, it's gone so fast- Looking ahead to the future is frightening but we can't always be looking back.

This year your friendship has meant so much to me — I can truthfully say I don't know what I would have done without you. (You Big Dumb Nut!) Of course I would have starved in French class without the food- We'll never forget French Class — Revel — Dirty jokes, etc. etc.

Best of luck at the "U"

DESERVING DEDICATION GOES

Members of the School Board are Mrs. Virginia Rabe, Mr. Clare Eddy, Mr. Simon Lernor, Mr. Burt Williams, Mr. Leo Hansen, Mr. Len Britelli, Mr. Alan Dale, Mr. Donald Engebretson, Mr. Robert Florey.

Mr. Hansen, Mrs. Rabe, Mr. Eddy, and Mr. Lernor discuss school districts.

TO BOARD OF EDUCATION

The School Board is the policy making group of the Beloit School System. Their purpose is to serve the public and to decide upon important educational issues presented by citizens and schools.

The Board consists of eight qualified members who are aware of our local educational problems and are willing to help solve these problems. The members are elected in a city-wide election, and they each serve a three year term. Currently serving on the Board are: Mr. Leo Hansen, President; Mr. Simon Lernor, Vice President; Burton Williams, Secretary; Mr. Alan Dale, Mr. Donald Engebretson, Mr. Robert Florey, Mr. Clare Eddy, and Mrs. Virginia Rabe.

The School Board holds its meetings in the Board Room on the first Tuesday of every month. Meetings are open to citizen delegations and individuals who may be interested.

The Board members are concerned with what is best for our program. Recommending budgets, considering contracts for teachers, and hiring the superintendent are only a few of their many duties. Continually confronting them is the need for more adequate space and equipment to prepare our schools for the great increase in numbers of incoming students.

The Beloit School System has been strengthened because of the fine leadership of the Board of Education.

Mr. Engebretson, Mr. Dale, and Mr. Florey review the plans for the construction of new buildings.

Mary - When I met you & remember writing in my diary, "met Mary Mattson today - gee, what a swell girl." Time has only enlarged my opinion. We'll all always remember the Music Man - what memories! I'll also remember that morning we got our picture for the locket. I hope you stay the sweet, wonderful girl you are - I'm sure you will. Love & kisses, Arlee Cuthbert

Mr. Len Brittelli works tirelessly to keep our school system running smoothly.

Mr. Len Brittelli, the Superintendent of the Beloit School System, recently was selected to attend the University of Chicago Superintendent's Seminar. Twenty-two superintendents from all parts of the nation and two from Canada met to consider present-day school problems. Mr. Brittelli, feeling that our school system was the weakest in innovation and new trends for non-college or terminal students, spent a great deal of time in these areas. He was also asked to speak at the Tri-State Educational Convention on Integration in Chicago. After great response to this address he was asked to write in a National Magazine on Integration.

It can be clearly observed that our superintendent is constantly improving the conditions for students at Memorial High as well as students throughout the school system.

BRITTELLI AND RHODES GUIDE BELOIT SCHOOLS

Mr. Joseph Rhodes is the assistant superintendent of schools. He has a never ending job placed in front of him. Some of his many jobs are: setting up an orientation week for teachers; recruiting the substitute teachers, and organizing the programs of the elementary schools.

Mr. Rhodes has many projects which he is working on now, that will be put into the curriculum beginning next year. In the industrial department the new subject is electronics. A full course offered to seniors dealing with earth study, and semester courses in advanced biology, chemistry and physics will also be offered. Another course that he is planning is senior mathematics which will include analytic geometry and calculus.

Bringing the curriculums up-to-date is one of the most important jobs in a school system of high quality.

Mr. Rhodes has a never-ending job before him.

"You may not use specifically everything you learn in high school, but what you do learn here may determine your personality and future life," so says Mr. Royal B. Everill, principal at B. M. H. S. Also, he believes that the quality of work done by high school students has improved over the years and the students should take pride and be selfish in his schoolwork.

By these statements alone it can be seen that Mr. Everill has the welfare of his students in mind at all times. He is responsible for the stimulation, direction and coordination of the entire program of this school, and at the same time maintaining organization and disciplining.

Even while shouldering these responsibilities Mr. Everill maintains good humor lighting everyone's task.

ADMINISTRATORS FOR A FACULTY WITH 1,000 YEARS OF TEACHING EXPERIENCE

Our assistant principal, Mr. Kvitle, works untiringly. The details which must be considered to keep a large school in working order fall under his domain. Yet in spite of the multitude of responsibilities he holds, he still finds time to advise any student.

One of his many duties is to assist and supervise the activities of the Student Senate. He gives the Senate leadership in the handling of various problems which invariably appear.

In order to maintain a well organized and well disciplined school, the students must realize that there must be a reprimand for any students who violate the school regulations. Mr. Kvitle is waiting after school to properly discipline them.

ACADEMICS

INTERPRETATION BY DAPHNE TOBIT

The lighter areas of the composition are representative of elective courses in which the student may blend his interest, talent, and enjoyment.

The darker areas of browns, deep oranges, and maroons portray compulsory subjects —definite markings with individual outline. Some of these strong colors, however, have lighter patches within them showing that a student who breaks through the outer barrier may eventually reach a point of understanding.

The black smudge is interpreted as the student, his shape quite insignificant, with subject choice enveloping him. The dark colors hang close around him, primary subjects, while further away lie the secondary electives.

The almost-colorless patches are slices of free time inserted throughout and the small opening of blue in the corner is the end of school, graduation, leading on to life.

INTERPRETATION BY ARTIST Phillip Dennie

Trying to create a serious mood for academics, I made use of subtle colors.

One's goal may not always be evident at this time, also being shown by these subtle colors.

I tried to paint stonelike objects to represent the different goals of each individual as steady-objects. The student must work toward this immobile goal.

The darker colors represent the knowledge, which one uses to help him attain his goal in life. While the brighter colors symbolize the willingness to learn. By combining these, the individual grows nearer and nearer his goal.

Miss Smith receives great enjoyment from her work.

Mr. Darling carefully examines the records of students.

MANY HELPING HANDS GUIDE B.M.H.S. STUDENTS

Mr. Alofs is a great asset to the seniors and their futures.

Guidance is a very important function in the administration of our high school. The counselors who are responsible for the encouragement and support they give to the students are: Mr. Pollock and Miss Smith guide the sophomores; Mr. Logan and Mr. Provus aid the juniors; and Mr. Alofs and Miss Vaughan are the senior counselors.

The main objective of the guidance department is to have the opportunity to talk to every student in the school. It is important that the students and the counselors become acquainted with each other in order to provide a relationship in which there is confidence and understanding.

There is always a smile to greet you in Mr. Logan's office.

Mr. Pollock lends a helping hand to sophomores.

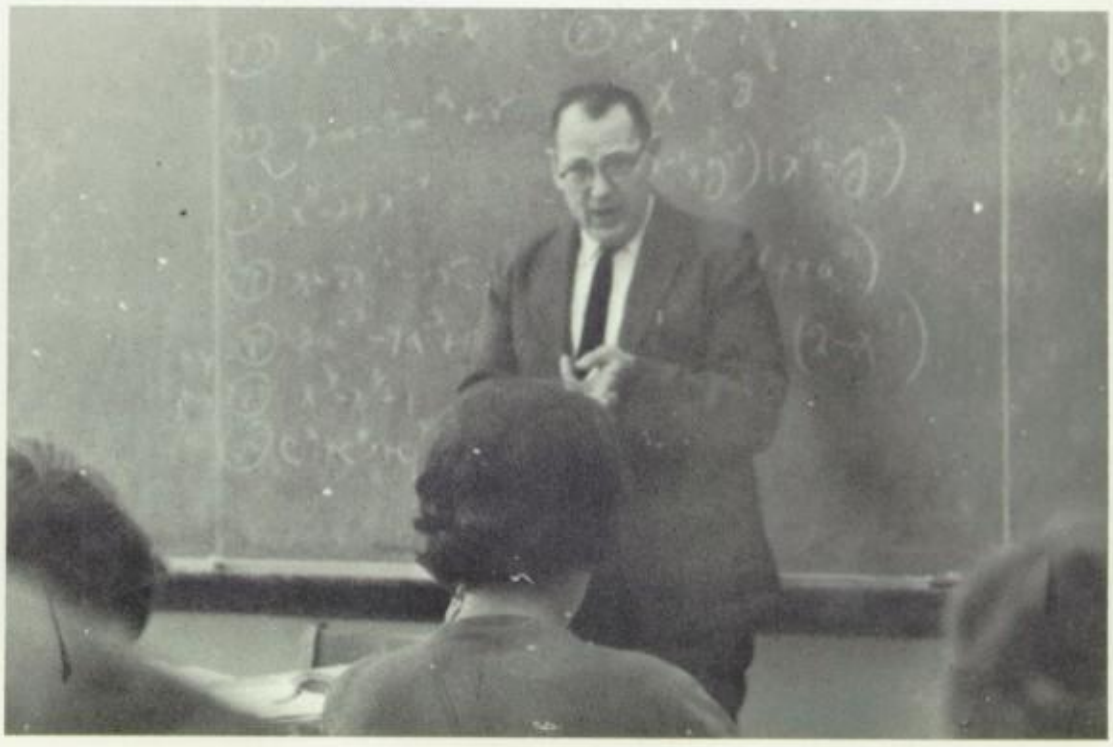
Skill with numbers and the understanding of number relationships are essential requirements for successful living in today's world. The mathematics courses offered are designed to provide these skills and understandings. A wide variety of courses are offered to the students at Memorial. Elementary algebra is the basic language of advanced mathematics and science. Plane geometry and advanced algebra follow close behind elementary algebra. For the students who are interested further in the sciences, solid geometry, trigonometry, analytic geometry and college algebra are offered.

Consumer and industrial mathematics give opportunities to the non-college group to continue growth in this area.

In this age of scientists, the mathematics curriculum is very important. In order to make available the most up-to-date material, the math teachers at Memorial are constantly revising their information, and the way that they present it to the students.



SOCIAL STUDIES CLASSES MOLD CITIZENS

Mr. Dunagan's Problems class listens intently to the panel discussion

Many students feel that the sociology and psychology courses are truly worthwhile. Psychology helps you to get along with yourself and with other people. What makes us act in certain ways, the manner in which we form habits, how we use our minds to learn and how we adjust to everyday living are among the areas studied in psychology.

The government course develops the background, structure and functions of the federal government Much emphasis is placed upon the role of the Constitution in American political life as well as the role of our government in international relations. A new course offered is foreign relations. In this course the students keep up with current foreign affairs and discuss them in class.

In the sociology course, the concepts and principles bearing on man's relationship to the various groups that make up his society are developed. The approach is a cultural one which attempts to give the student an appreciation of the determining influences of the man-made environment on human behavior, problems and values.

United States History

In order to be a good citizen one must have a knowledge of the present and the past. By bringing the experience of the past to bear upon the problems of the present we can understand people and appreciate their difficulties more readily. Our social studies curriculum includes courses in history, economics, world civilization, psychology, American Problems, sociology, and government. These courses try to bring the past and present together so that an understanding of people and their problems is more easily grasped. Three units in the social studies are required for a diploma.

In all grade levels, current history is taught through a variety of teaching media. Films, newspapers and magazines are the most popular.

The history, ideals, and traditions of our country are emphasized in American History. This course is offered in the eleventh grade and is required of all students.

American problems is intended to encourage the student to be more alert to his responsibilities as a citizen. Better informed, happier and more satisfactorily adjusted individuals are among the goals of this course.

MR. FALLON has an interruption in his history class.

ENGLISH POSSESSES THE ESSENTIAL

The basic function of the English department is to enrich the communication skills of all students. Competency in reading, writing, and speaking is a requisite in all other courses in the curriculum and is a necessity to the mature adult.

The English department has attempted to develop a challenging developmental program which promotes growth in the skills of spelling, vocabulary, reading, sentence construction, paragraph development, and theme organization. At the same time, literary selections provide the "backbone" of of the English program.

Students of language classes utilize the modern facilities available to them.

Beloit Memorial's language department has two major aims it wants to fulfill: extension of knowledge of a foreign language to English speaking students, and the understanding of the peoples of other lands.

Tape recordings and oral recitations aid students in learning a foreign language and making it functional. By hearing themselves on tape, they can correct themselves and by oral work they can put their knowledge to practical usage.

Learning the customs of the countries whose language they study, students gain and understanding of world problems today.

Preparation for future vocations often finds its roots in Memorial's fine Industrial Arts department. Shops available to students are: mechanical drawing, woodworking, machine shop, welding, auto mechanics, and printing. Many times the school relies on the printing classes to supply the programs and tickets for school activtities.

Courses in agriculture are offered to stimulate an interest in farming and develop leadership so that we can produce farmers in the future with experience and practical ability.

The object of the R. O. T. C. course is to lay the foundation of intelligent citizenship within the student. The student cadets enjoy an interesting and varied military program. The indoor rifle range at Memorial is one of the finest in this area.

Chemistry students, working diligently, attempt to increase their scope of knowledge in the profound field of science. Their textbooks and lab equipment provide the fundamental sources for all information and reference materials.

Science is an evergrowing field with many frontiers still remaining to be explored. Regardless of what his life work may be, science will play an important part in the daily life of every student. Two years of science are required for graduation from Memorial High School. Biology is one of these required courses. The other required course may be physical science, chemistry or physics.

A new approach to chemistry has been adopted by a few of the science teachers this year. It is called Chem. Study. In this new course the emphasis is on experiments and their results. The course itself is an experiment with the students this year.

THE PEOPLE BEHIND THE SCENE

Our long-suffering secretaries, Helen Garman, Sylva Rasmussen, Linda Pease, and Delores Fast, are kept constantly busy by students and faculty alike. Without the help of the office secretaries we at the Beloit Memorial High could not function. Their jobs do not end with the termination of a school year, but go on all through the summer. The organization of these people enables our school to run smoothly and efficiently. Although many of their tasks become routine, their effect is important, and all realize their worth.

CLASSES

INTERPRETATION BY JULIANN MILLER

A conglomerate of people; as they differ in outside color, personalities, beliefs, smiles, and even their gaits. They mingle together; some overshadow the others—some meekly carry the heavier, humbler load, some stand out with brilliance and leadership, and some stand in a corner of life, dully refusing to show their real hue.

Rich purples and browns tell of a sampling of life; work and love pulsates in a high beat. The softer yellows and greens make up a large portion of life, yet without their colors, purple and brown would melt to the bottom in a colorless puddle. There are whisps of an undefinable shade now and again—if these elements were gone life would always shine a little brighter.

And so they all mingle together—all on a hazy blue-green blackboard of life. The board is streaked with white rays of hate, laughter, sorrow, and hope. Some are crossed harshly by the streaks—yet they shine through and some will not be touched at all. All colors are the themes of each day, all are beautiful in separate ways.

INTERPRETATION BY ARTIST Diana Harstad

When painting this, I tried to express the feelings of a student throughout his high school years.

By combining an individual's varied characteristics we can see his tangible goal, for which he is working.

The white lines opposite the colored shapes both reaching for the same goal, but at different rates and directions.

In using blues and greens I attempted to create a competitive mood.

Throughout the picture I tried to show the student maturing and building for the future.

Candy Dane, this year's Valedictorian has maintained a scholastic grade point of 3.9751. Candy has been exceedingly active in A.F.S. and has been a member for three years. She was Beloit's A.F.S. student to go abroad last summer and our Japanese A.F.S. student, Sumiko Mano, is staying with Candy and her family. Candy has taken part in various Student Senate activities, and is a class Vice President this year.

Selected as this year's Salutatorian is Nancy Ladwig. She has retained a 3.9731 grade average during her high school years. Not only has Nancy kept up a high grade average, but she has participated in many of B.M.H.S.'s clubs and activities.

Nancy is a member of A.F.S., German Club, Student Senate, and Junior Theatre.

These two deserving students have shown outstanding leadership and dependability.

There are also sixteen students graduating with a 3.75 average or above. These students will receive their diplomas wearing white stoles.

"BOY AND GIRL OF '64"

Doug Mitchell

Kathy Pollard

Doug Mitchell and Kathy Pollard have been chosen as "Boy and Girl of '64" by the Beloiter staff and faculty. They were chosen on the basis of their outstanding service to their school and classmates.

Doug actively partook in intramural sports, R.O.T.C., and as President of the National Honor Society, he was very active on many committees. Doug, also, was chairman of the senior homecoming float, that won first place for the third year in a row.

Kathy has an impressive list of activities. She has been a cheerleader for three years, and served as a class officer. In her senior year, Kathy was chosen as the D.A.R. citizen. She also has actively participated in numerous activities.

PARTICIPATE IN MANY ACTIVITIES.

Mr. Kvitle, Kathy Pollard, and Doug Mitchell look on as the Big Eight flags are hung in the gymnasium.

Senior class officers Candy Dane, John Christian, and Alice Goetzke relax after hours of hard work.

CLASS OFFICERS LEAD

Alice, John, and Candy approve of the senior class play setting.

Throughout the '63-'64 year, the senior class has carried out many projects. The 1963 homecoming was the first big thrilling event when the senior class won the float contest with "Victory Is Hours" as our slogan, winning for the third year in a row. Alice Goetzke and Scherri Thompson served as Queen Linda Utynek's attendants. Next, for the seniors, was the senior class play entitled, "You Can't Take It With You," a tremendous comedy and success. The seniors also carried out the annual Christmas tree pick-up.

The football and basketball teams proved successful all three years, first tying the Big Eight Conference title in our junior year and an undefeated title in our senior year in football. In both our sophomore and junior years we attended the State Tournament in basketball.

Although our final big year has come to an end, the memories of all these years, especially of our senior year, will stay with us for many years to come. Now, we must prepare ourselves for the future, each going our separate way.

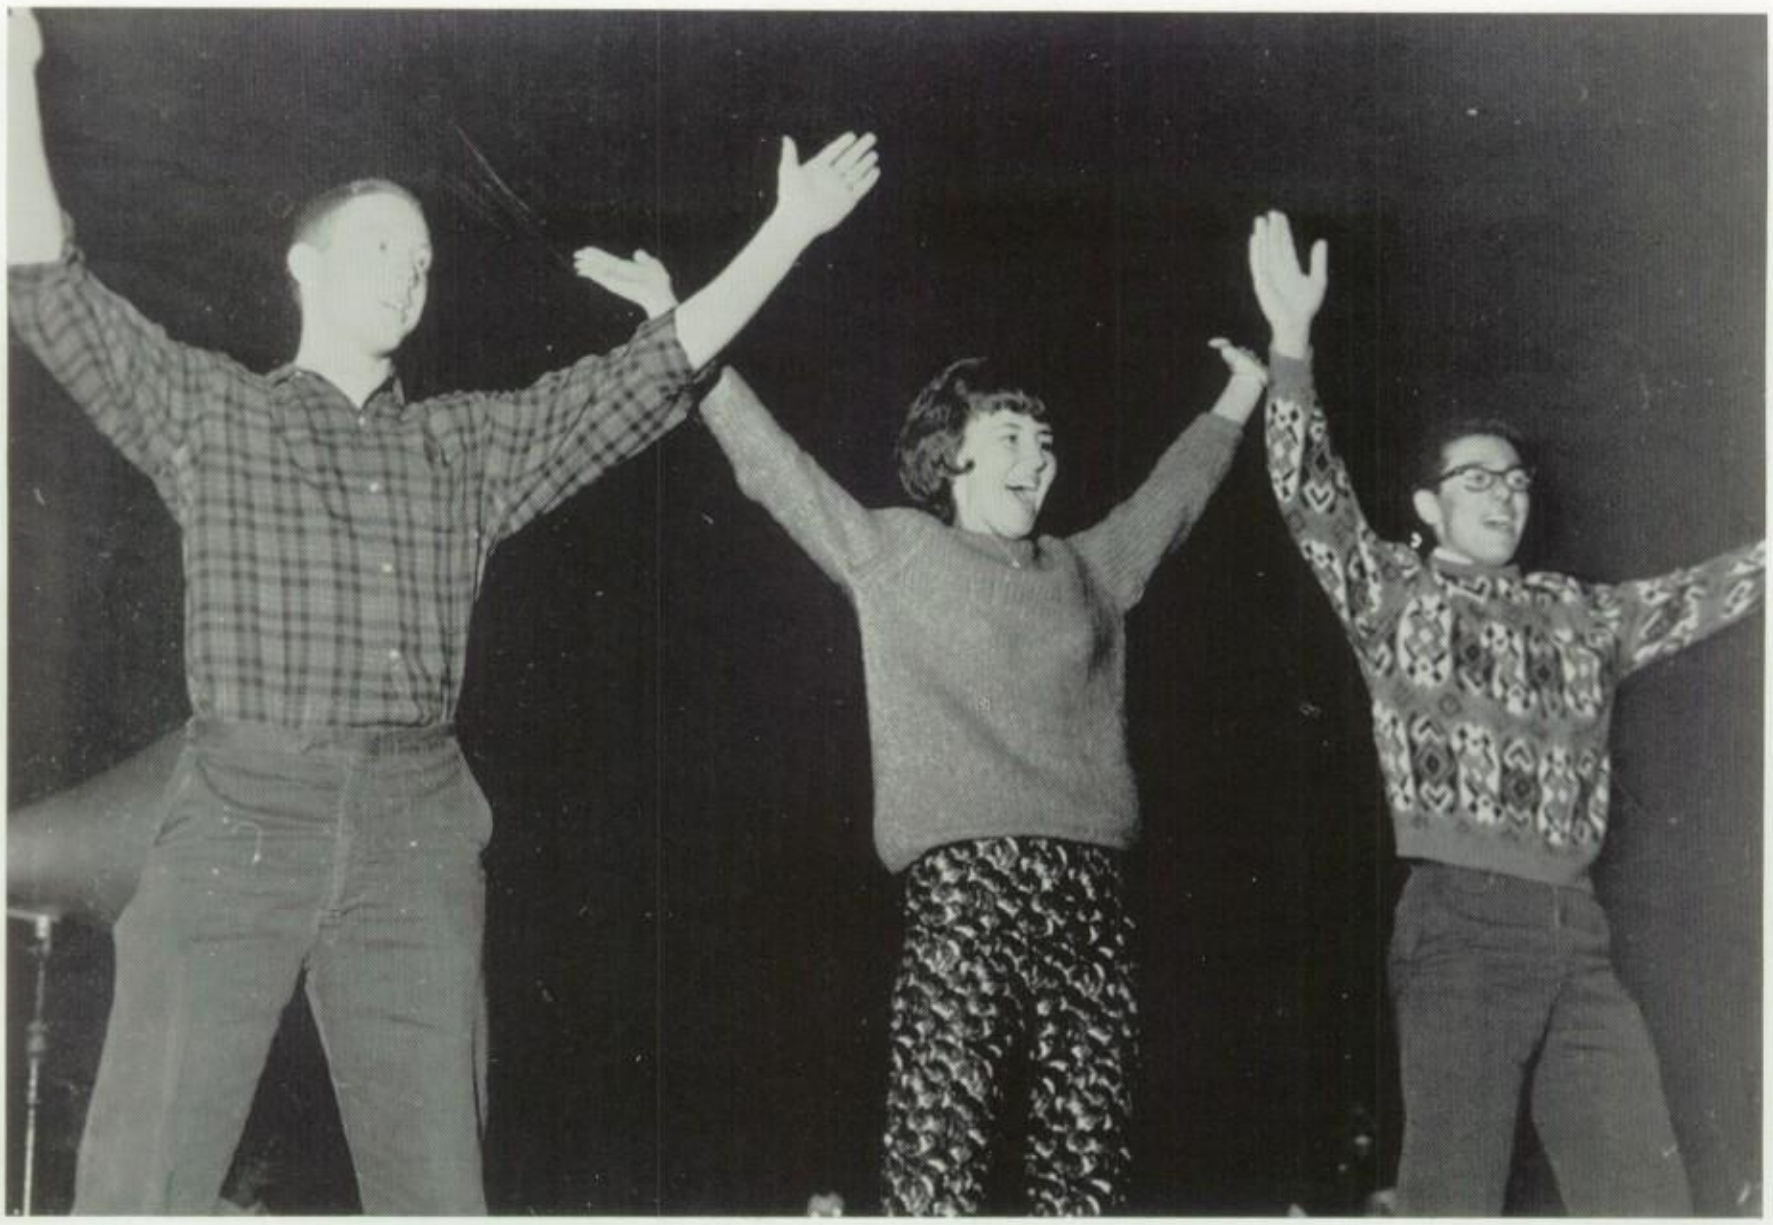
Graduation is the end of years well spent.



Butch Kressin, Pat Sims, and Pete Ciarmita lead the junior class in a cheer at the Janesville pep rally.

CLASS OFFICERS ARE CHOSEN

American History, a subject required in the junior year, helps students to become worthwhile citizens. Pat, Butch, and Pete observe our country on the world globe.

The junior class of '65 started this year's activities by electing Pete Ciarmita as President, "Butch" Kressin as Vice President and Pat Sims as Secretary-Treasurer.

This year's homecoming was made more exciting when our team defeated Madison West and the junior class float, "How the West was Won" placed second in class competition. Elected to the junior court were Lauri Wales and Cathy Genung.

The junior class will long remember their junior year at B.M.H.S. and they will make their senior year as memorable.

Juniors participate in school activities by attending out-of-town games by bus.

Bob Florey, George Harter, and Sally Grady examine several parts of a model of the human body.

CLASS OFFICERS ARE ELECTED

Bob, Sally, and George ask the sophomores to join them in a cheer at the pep rally.

The arriving sophomores of B.M.H.S. entered the school in a daze of excitement and bewilderment. After becoming adjusted to their new surroundings they proceeded to make their class one of success and accomplishment. The first accomplishment was electing the class officers. These three being: George Harter, president; Robert Florey, vice president; Sally Grady, secretary. These pupils represent the fine students in the sophomore class.

The winning homecoming game climaxed the excitement which had been arising as the floats were constructed, and the court chosen. Representing the sophomores were: Jenny Pargman and Kathy Harvey.

This class has reason to be proud of their football and basketball teams. The enthusiasm of the students spurred these players on to victories.

SCHOOL LIFE

INTERPRETATION BY JANIS SJOSTROM

Look at the quick brush strokes of many colors and shades. These represent the many and various fast-moving activities in our high school.

The light or milk drab colors—beige, grey-blacks, cream, blues, and light pinks. These are the milder activities in which students show little interest. They could hardly be spoken of as actually dull . . . there is, however, a seemingly more intense interest present in the main activities; represented by the deep violet and the vibrant orange. Of course the violet is a deep, or more intellectual popular activity, and the orange is the more fun, and active.

The strokes near the bottom are slanted and seem on their way under a sea of predominant bright colored waves. Peaked high, swirling, forceful and bright. Or it could be a violent sea of "flames." Representing the fire and intensity present in our high school. Which ever it may be there is a clashing, vibrant intensity—as is ever present in our active high school.

INTERPRETATION BY ARTIST Phillip Dennie

For a rather carefree feeling, yet with depth, I used the cool colors to symbolize movement around a focal point to suggest activities.

This focal point represents the goal the individual is working toward. By participating in the various activities, symbolized by the variety of colors, he varies his interests.

Also brought out by this array of colors are the individual interests of each student and the different activities in which he participates. Yet each individual combines his interests to lead him through life toward the one main goal.

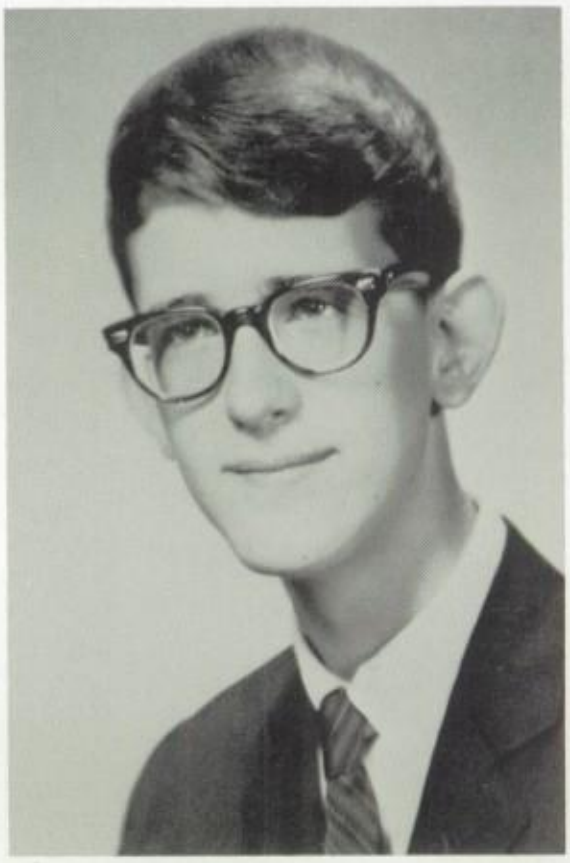
MR. AND MISS ACTIVITIES SHOW OUTSTANDING LEADERSHIP

Mary Beth Krueger

Mr. and Miss Activities were chosen by advisors of various school clubs and organizations. They were selected because of their active participation in school activities.

Mary Beth Krueger has contributed much to B.M.H.S. through her active interest in school clubs. She has participated in A.F.S., Band, Student Senate, and INCRESCENT.

Richard Androne



Richard Androne has shown outstanding leadership in such activities as Badger Boy's State, Band, Forensics, and N.H.S. His dependability has qualified him to be an officer of many different school organizations.

Both Richard and Mary will complete their third year with a feeling of self-satisfaction and the realization that they have contributed much of themselves to Beloit Memorial High School activities.

KATHY POLLARD SELECTED FOR D.A.R. AWARD

Students in the senior class voted in homeroom for the senior girl who they considered to possess to an outstanding degree the qualities of dependability, service, leadership, and patriotism, The names of the three girls receiving the most votes were submitted to faculty members to make the final decision. They chose Kathy Pollard as Good Citizen of this school year and she will now be entered into the state contest, where judges will select three state winners.

During her high school years, Kathy has participated in many activities—Student Senate, Cheerleader, class officer, ROTC Sponsor, and Homecoming Court.

Badger Boys' State is sponsored by the American Legion. The one-week summer program is designed to stimulate patriotic feeling and to acquaint delegates with the complexities of state and local government. This purpose was achieved through the mock government and mock party organization.

STUDENTS REPRESENT SCHOOL IN SUMMER

J. Jonas, P. Wagner, M. Florey.

Badger Girls' State is an experiment in democratic government. Representatives from every part of Wisconsin attend this event which is held in Madison on the University of Wisconsin campus.

As residents of the state of Badger, we assumed the duties of city, county, and state officials. We learned about the operations of our government through lectures, discussions, and practical experiences.

Highlights of the week included the inauguration of state officials, the talent show, and the trip to the state capitol.

Badger Girls' State trains Wisconsin girls to be active, well-informed citizens.

In order to become a member of the National Honor Society in B.M.H.S. the students are rated by the faculty on leadership, and service as well as maintaining a 3.0 average.

Good leadership as well as service is required by the society. Each member tries to give his best to his school and his community.

The local club gave its first honors in 1925 to twenty-four seniors. The society has had a great influence over B.M.H.S. students and the work they do. Membership is considered a step on the stairway to success and an honor which comes only after hard work and achievement.

Even though the N.H.S. seniors are distinguished by a gold tassel at graduation time, the faculty expects them to continue their fine work, successful service, and leadership after graduation.

SENATE GOVERNS STUDENT BODY

A democratic voice in B.M.H.S. activities—that's the purpose of our Student Senate. The Student Senate gives students the opportunity to voice opinions and is a means by which all school entertainment can be sponsored. This year a constitution was devised for better organization.

Without Student Senate committees, many school activities would not be possible. Besides projects, the Student Senate gives the student an opportunity to be a leader.

To orientate the sophomores this year, a letter was sent out by the officers and an information booth was set up on opening day. This year the Senate sponsored a hootenany. Some money making projects included the selling of buttons, a coat check at basketball games, and new flags for the gymnasium. Some of the Student Senate's money also supported a Chinese Foster Child.

The Senate of B.M.H.S. is a member of WASC and NASC and sends delegates each year to conventions for experience in leadership.

Each year there is a Senate exchange with Janesville, during the football and basketball seasons. A pep rally is also sponsored. Student Senate has charge of the election of class officers in the spring. The Senate officers this year were: Bob Aldag—Pres., Mark Moss—V. Pres., Carol Hopper—Sec., and Diane Merotes—Treas.

Student Senate promotes democratic principles, and determines the collective will of the student body. It also encourages participation in student activities, stimulating better relations between students and teachers.

Each year A.F.S. has an annual Membership Drive to stir up enthusiasm and get people interested in joining the group.

Special projects of the club include the A.F.S. Weekend, and orchid sale on Mother's Day, and a shipwreck dance in the spring. This year the Beloit A.F.S. chapter was host to nine area students who stayed in the homes of various B.M.H.S. students. They were introduced to the B.M.H.S. student body through an assembly and dance. They were also taken on tours of the college and Wagon Wheel.

The objective of the club is to promote international understanding between students in our country and foreign countries.

CANDY DANE

The A.F.S. exchange student from Beloit this summer was Candy Dane. She has many exciting and rewarding experiences to relate concerning her trip to Sweden. Her voyage began with the sailing of the A.F.S. ship from New York on June 25. The town she lived in was Karlshrona and she stayed with a wonderful family with three children.

Since she was there during the summer, she had the opportunity to enter into the everyday activities of the Swedish people. Candy found that language was no problem since most of the Swedes speak English. She also found that people are essentially the same no matter where you go.

Of the A.F.S. program Candy says, "I feel that this youth exchange is one of the best ways to create national understanding. I'm truly happy that I had the opportunity to be part of it."

MIKO MANO

The Japanese exchange student in our midst this year was Miko Mano, hailing from Tokyo, Japan.

Miko found B.M.H.S. very different from the all girl schools she attended in Tokyo. She appreciated the many activities here, since they weren't offered in Tokyo.

Her family here in Beloit were the Robert Danes. She felt that Beloit is a beautiful and calm city and she holds a certain love for her new family and the wonderful people she has met. The kindness and friendship of the Americans help her to better understand this country.

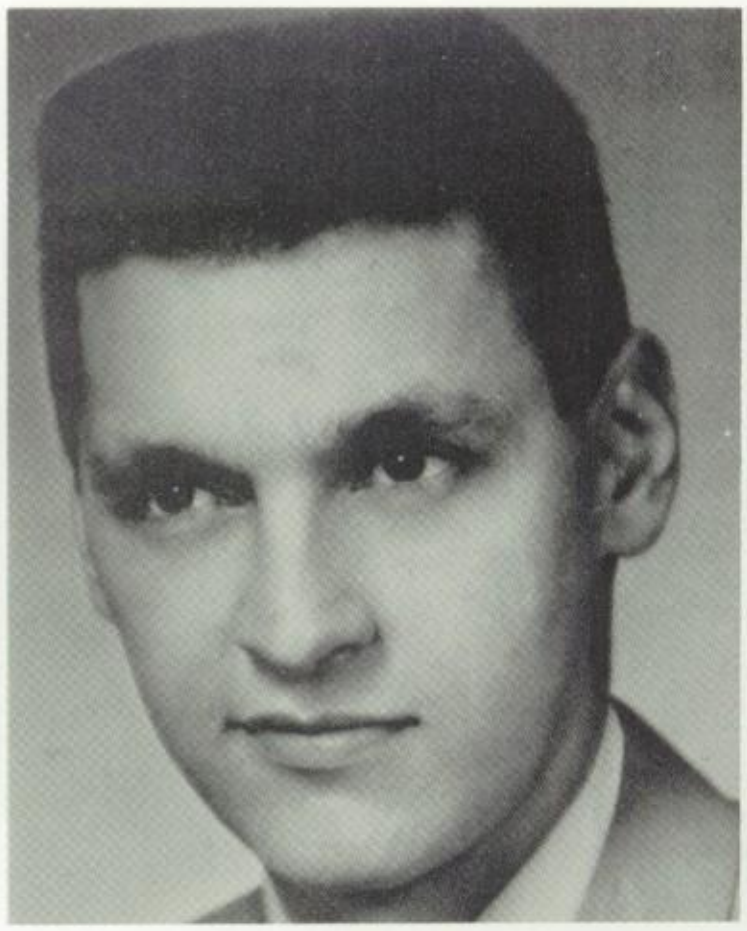
VINCE ~~PHILIPES~~ FILIPPIS

Vince Philipes, our Argentina brother, was studying as a senior at B.M.H.S. this past year. His foreign exchange family, the George Blakelys, and his brother, Bob, have made him feel a part of their family and this country.

Vince has added much to our school by his friendliness to the students, and through his participation in many school activities. He was active in Junior Theatre and also gave ideas to the A.F.S. Club. He entertained the students at an assembly by displaying his talent at playing the guitar. His interest in our school and people have symbolized the friendliness of other countries.

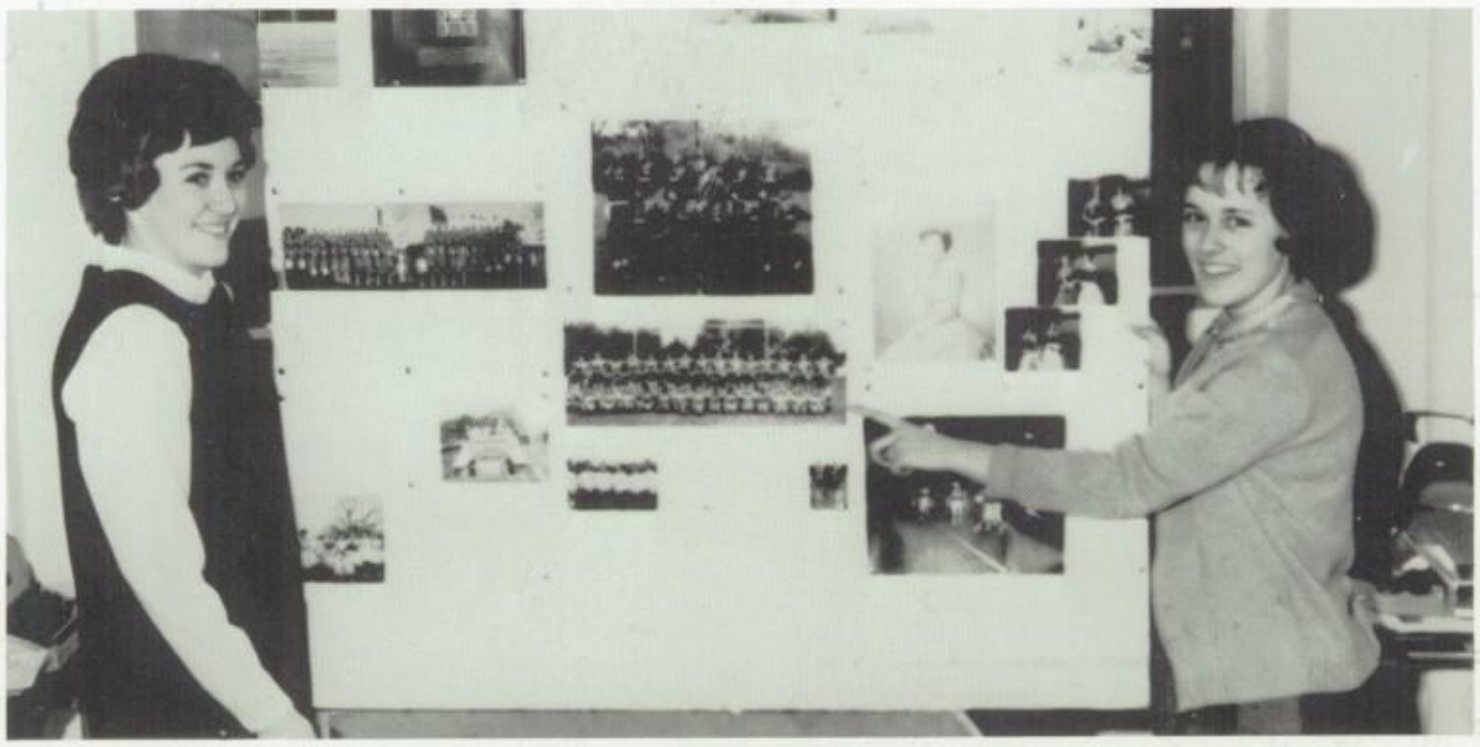
Oh! My achin' back!

Editor Jean Hansen and Business Manager Linda Wilson.



Advisor for the yearbook, Mr. Lehman

BELOITER RECORDS MOMENTOUS YEAR



J. Hansen and J. Thomas point out places where improvements were made in this year's BELOITER.

The BELOITER staff, under the direction of Mr. Lehman works hard throughout the year finding and putting together material which comprises the B.M.H.S.'s yearbook, the BELOITER. Throughout the year staff members must seek advertisers and handle subscriptions of the student body. Aside from their work the staff worked on a float for the homecoming parade.

The editors attended the national Scholastic Press Association Convention in Chicago and Editors' Day at Madison to study yearbook production.

In charge of sophomore and junior sections were: N. Loga, N. Turben, J. Eaton.

The BELOITER has three deadlines a year consisting of eighty pages each. Staff members work industriously as deadline approaches.

In charge of the senior section were: J. Carter, D. Phillips, P. Wagner.

Sophomore staff members were: J. Humke, P. Belkin, S. Armstrong, S. Hare.

In charge of School Life section were: C. Humke, C. Genung, D. Heggelund, N. Humke, N. Kephart.

Advertising editors were: L. Wilson, L. Long, S. Olson.

EDITORS WORK DILIGENTLY

G. Nielson, B. Florey.

Printer and Photographer were: W. Abel and R. Marston.

QUILL AND SCROLL HONORS SERVICE

"The pen is mightier than the sword."

Quill and Scroll is an honorary society for high school journalists. Students must be in the upper one third of their class to qualify for this organization.

An annual Publications Banquet is held in the spring of the year to install new members. A candlelight ceremony is performed for the initiation.

The Quill and Scroll members wrote articles for the "Lockers Overhear" published in the *Beloit Daily News*. They published a satirical newspaper.

Row 1: M. Carlson, B. Karow, D. Tobit, J. Miller. *Row 2:* E. Parker, R. Warner.

Officers are L. Wilson, Sec.; P. Davis, Treas.; P. Benedict, Pres.; R. Hayward, Vice Pres.

Seated: B. Karow, D. Hayward, J. Miller. *Row 2:* P. Michna, J. Clifford, P. Benedict. *Row 3:* B. Washington, P. Davis, R. Warner, P. Garrison, E. Parker. *Row 4:* B. Blakely.

STUDENTS GAIN EXPERIENCE FROM PUBLICATIONS

Seated: B. Johnson, N. Brown. *Standing:* L. Benedict, B. Short.

Each year's INCRESCENT staff is selected from completed forms turned in by the applicant during April or May of the school year preceding desired acceptance on the newspaper. Names of departmental editors are announced at the annual Publications Banquet held in the latter part of April. Names of department staff are available at this time, also.

Every issue of the INCRESCENT has contained a feature or news article dealing with the present Beloit Public Library situation, describing exactly what conditions prevail and then they suggest possible alternatives and further improvements. This series is the most important project for 1963-1964, as accurate information must be presented in a publication which reaches a large number of Beloit citizens if any corrective action is to be taken. Another series of articles by former B.M.H.S. students is concerned with learning more about college life and what it expects of the student. A column spotlighting national and international events of interest to Memorial students was also introduced. The INCRESCENT entered the N.S.P.A. newspaper writing contest this fall.

Seated: K. Tibbetts, M. Carlson, B. Carey. *Standing:* J. Stacy, C. Cochrane, B. Brown.

R. Cermac, D. Gabrielson, L. Davis.

The newspaper was named seventh place winner in the National High School Auto Safety Contest. Twenty-four staffers attended the Editor's Day held at the University of Wisconsin in October. Managing editor, Dick Hayward, won second place in the Governor's Club newswriting competition. A like number of students attended the National Scholastic Press Association conference in Chicago.

The INCRESCENT is striving to maintain and improve the quality of its further issues. The INCRESCENT hopes to continue its service to the student body of B.M.H.S. and continue to maintain its standing as one of the best offset high school newspapers in Wisconsin.

STUDENTS EXPRESS THEMSELVES IN SCHOOL'S LITERARY MAGAZINE

Co-editors for the JOUSTER are Paula Wagner, Robert Aldag, Mary Krueger.

Publishing four issues of the JOUSTER, which were well received by the Beloit Memorial High student body, was the duty of the JOUSTER Co-editors: Paula Wagner, Robert Aldag, and Mary Beth Krueger.

The JOUSTER is a literary magazine. Printed are: essays, poems, short stories, non-fiction articles, and creative photography, submitted by the students and approved by the JOUSTER staff under the supervision of Mr. Elwood Karwand.

To inspire student interest in the writing field and to acquaint them with the mechanics of good writing is the main objective of this literary magazine. Experience in journalism is obtained by those who work on the staff. Not only did the workers on the JOUSTER benefit from its production, but Memorial High students became familiar with the various types of writing and also the techniques used to improve and understand the keys to our language.

Seated: R. Eyre, D. Tobit, B. Karrow. *Standing:* J. Larson, J. Christian, L. Branigan.

FORENSICS PROMOTES INTEREST IN PUBLIC SPEAKING

DEBATE SQUAD DEVELOPS ARGUMENTATIVE THINKING

A. Sherburne and J. Olson get material for debates.

Our debaters spend many hours preparing for tournaments. These hours are spent on research, organizing material, and evaluating the problem they are confronted with.

The debate students learn to express their thoughts more effectively, learn efficient research methods, and gain an increased desire to learn.

B.M.H.S. was host to the Southern-Wisconsin debate tournament. They tied with Janesville for third and won five out of six debates at Whitewater.

Stage managers carry a heavy load.

Junior Theatre started the year off with annual "Hot Pot." New members and officers were elected at this time.

Junior Theatre is an organization for those students interested in stage and backstage. These students are largely responsible for the plays which are produced each year. Mrs. Reinholz serves as the advisor.

Mary.

Great have been our experiences and the memories which date back to - yes third grades. Even if your getting home - we can't understand now how you got home but it didn't seem to pose a problem then!

What wonderful friend you have been. How could I ever forget our marvelous discussions trying to solve the world's problem, happy to solve our own. What a perfect Marian you were. And although it was difficult to sit on the sidelines and watch - there was no one I would rather see "face the lights"

Next year we're on to the new and exciting, cold, cruel world. We've had so much practice it shouldn't seem hard at all. Seriously, though, the good times out number the bad. There was Camelot - good ol' Chicago, cast and crew parties, the swell times at "the store". I'll remember them and I'm sure you will. I wish you best wishes for a magnificent future. Best wishes love - let's keep in touch - after all this time. Bye for now but not forever. Margie

I could go on and on and all the other 3 luck to a wonderful nice girl

Polly Adams displays her talents in "You Can't Take It With You."

THE CURTAIN OPENS, THE PLAY BEGINS

Dave Bigsby is a leading role in the play.

You Can't Take It With You, the three act comedy presented by the senior class, dealt with the Martin Vanderhof family. The Vanderhof home is not a typical American family. Grandpa spends his time collecting snakes, and visiting commencements and zoos. His daughter, Penny, writes plays; her husband, Paul, together with Dr. DePinna work on fireworks in the basement; Essie, daughter of Penny, practices ballet, and husband, Ed, prints and plays the zylophone, while Rheba and Donald add still more charm and confusion to the plot. Alice, however, another daughter of Penny's, is rather normal and works for a living. While at work she falls in love with Tony Kirby, vice president of his father's corporation. They agree that the two families must meet. Alice tries to prepare the Vanderhofs for the visit but the Kirbys come on the wrong night. Through the somewhat embarrassing evening the two families learn to recognize the differences in their backgrounds.

The leading characters in "You Can't Take It With You" are: D. Thompson, D. Bigsby, S. Christian, and R. Androne.

THE ALL SCHOOL PLAY — "THE MUSIC

"We've been framed"

I guess that we will never forget the many wonderful hours we spent working on "The music man". We'll probably never have a chance to do it again but it was great fun while it lasted. Best of Luck and I do hope our pathes will cross again so-long for now.
Jeannine Jonas '64

"Hurry up, Please"

Mary—
Well, neighbor, we finally made it. I'll see you around and good luck.
Best wishes,
Evan Rosmon

The "Music Man" by Meredith Wilson, was the musical spectacular put on by the Beloit Memorial High School amateur performers this year.

The final production was the result of much hard work and many hours of organization. A great deal of time was spent in hunting up old costumes in order to provide a realistic atmosphere. The excellent scenery contributed much to the life of the play and credit for the construction is given to many students who were under the direction of Mrs. Daws. The bright and colorful costuming was early 19th century and showed much originality in designing.

The first night the leading performers, Dwight Werle and Mary Watson, received the honors of a standing ovation, as did the second night performers with Bruce Cuthbert and Jeannine Jonas as leads. Contributing to the great success of both performances was the excellent cast, consisting of Rosemary Larsen, David Thomsen, Gary York and many others. Ron Putterman as stage supervisor did outstanding work. The orchestra under the direction of Mr. Gates did a commendable job playing the score to the "Music Man."

Dwight Werle portraying the Music Man, Harold Hill, added much to make the play a big success.

The costuming was another outstanding feature of the production. Most of the cast designed their own.

THE SOCIAL HIGHLIGHT

After receiving their medals, the cadets and their dates slowly proceed off the dance floor.

Mr. Everill presents Cadet Harold Phister with the Chicago Tribune silver medal.

The B.M.H.S. gymnasium set the stage for the 39th annual Military Ball, held on February 29. The theme, "American Heritage" was well carried out by using traditional decorations which transformed the gym into a patriotic era.

Presentation of awards was made beneath a parachute canopy with the walls decorated with silhouettes of Washington and Lincoln. Twenty-one cadets received officer commissions, while top awards went to Cadets David Thompson, Dan Martin, and Harold Phister.

More than 300 people attended this gala event while parents and friends viewed the Grand March which was climaxed by arches of the sabers formed by the R.O.T.C. officers.

The romantic music, provided by the Top-hatters, was well received by the dancing couples.

Receiving his promotion medal from R.O.T.C. sponsor, Jennie Pargman, is Cadet Peer.

Standing proudly, while receiving his promotion medal from Mary Maddelein, is Cadet Babcock. The Military Ball is the social highlight of the R.O.T.C. year.

CHEERLEADERS SPARK

Kathy Pollard, Nancy Turben, Diane Adams, Capt.; Patsy Duncan, Sue Harris, Terry Piedlow, Cheri Thompson.

Whether it's football or basketball the cheerleaders work to keep the school spirit alive. Seven girls are chosen for the varsity squad in the spring, while the sophomore squad is chosen in the fall. The criteria of selection includes cheering ability, enthusiasm, audience contact, and appearance.

After attending summer workshops and practicing two nights weekly, the cheerleaders present new cheers at pep assemblies.

This year's captain was Diane Adams and her squad includes: Sue Harris, Kathy Pollard, Cheri Thompson, Terry Piedlow, Nancy Turben, and Patsy Duncan.

The Senior class float received first place honors for it's third consecutive year. A large clock was used to accent the winning theme—"Victory is Hours". As time grew closer to the festive homecoming occasion, a purple knight would make a periodic appearance from within the clock.

WINNING FLOATS, RESULT OF ORIGINALITY

The Junior class of '65 received honors of second place for their homecoming float. The original theme, taken from the stage play "How the West was Won" was portrayed by a covered wagon driven by two class pioneers. Chairmen who organized the float's construction were Pat Sims and Jannel Thomas.

The Junior Theatre float, "Press West for Victory", placed third in our homecoming parade. The floats were judged on color, animation, theme, and appearance. This float was purple and white with two football players on each end throwing confetti.

Midget Homecoming Assembly

King Christopher and Queen Debbie

Court member weary from victory.

Midget Homecoming, an annual tradition since 1957, again highlights our basketball season. As a result of being rained out, the original Homecoming activities were put on a smaller scale and moved indoors. Reigning over the events this year were Queen Debbie Tibbitts and King Christopher Smith. A special assembly was held to present the youthful candidates to the student body and were chosen according to the number of votes they received by homerooms. Various floats were submitted by school clubs and organizations. The first ten floats entered were allowed to be displayed during half-time at the Racine Park-Beloit game. They were judged on originality, theme, and construction. Three monetary prizes were given for first, second, and third places.

BANKERS AID STUDENTS IN SAVING THEIR MONEY

Homeroom bankers turn over money to banker office.

Students learn to save their money.

A penny saved is a penny earned.

Since 1921, the Beloit Savings Bank has co-operated with the schools of this community in an educational program to teach money management to our future citizens. The amount is not so important as regularity of saving.

Two students are chosen from each homeroom to take care of the banking, during homeroom period on Monday mornings. Homeroom bankers check the entries in the passbooks, collect the money, and take it to the commercial office. Two all-school bankers consolidate the savings and figure up the school percentage.

At the end of the school year the all-school bankers are awarded a certificate.

"Ask not what your school can do for you, but what you can do for your school." If this is what you believe the Young Democrats Club is for you! One of the essentials of belonging to the Young Democrats is to represent the ideals of the party. If he believes and represents these ideals he is placed on the roster as a bona fide member of the club.

One of the specific projects of the club this year was to bring the president of N.A.A.C.P. of Madison, Wisconsin, to speak to the community on Civil Rights. The club participated in special debates with the Young Republicans and a trip to a legislative meeting.

The main objectives were to study the issues, learn the political organizations, help elect good candidates to office and to recruit new people into the Democratic Party.

This year the club took pride in being one of the most active clubs at B.M.H.S. They plan to instill this idea in their future clubs.

Shelving books, filing cards—the work in the library never ends. These are only a few of the many tasks the girls of the library club perform, under the direction of Mrs. Albrecht.

The library club helps students become acquainted with the library facilities.

During the year several club members attended a library conference at Beloit College. The program included a speaker followed by a film. A Christmas party was held at Mrs. Albrecht's house. Presents were exchanged and the members decorated a Christmas tree, later donated to a needy family.

The Young Republicans, a politically active club, is a group designed to provide an opportunity for young people to find political expression and recognition.

Representatives from the club are sent to the annual Y.G.O.P. Convention, a highlight of the year. Other group affiliated projects are a car wash, a visit to the state capitol, and the distribution of literature concerning the Republican Party during elections. Special debate programs for local Y.G.O.P. clubs and a combined meeting with other school Republican groups are special projects scheduled to acquaint the club with other schools' ideas.

The club trains the young people as effective political workers and enables them to co-operate in the election of the Republican Party's nominees.

HOMEMAKERS OF THE FUTURE

The Home Economics Club serves the purpose of educating the youth of today as to what makes a happy home. By having bake sales, the girls increase their culinary skills as well as their treasury, which this year went to finance their field trip.

The girls extend their interests to such handicrafts as knitting, crocheting and weaving.

Contributing to the Christmas baskets, having holiday parties and potluck suppers are events that contribute to an agenda for a busy year.

CREATIVITY EXPRESSES ART STUDENTS' INDIVIDUALITY

With paint and palette, this club tends to develop appreciation among those who love art for art's sake. The students of the Art Club have the opportunity to develop and perfect their artistic talents. Such phases of art offered are oil painting, mosaics, and sculpturing. This program provides interested students with the effective background necessary for their future pursuits in art.

BOYS TAKE AVID INTEREST IN PHOTOGRAPHY

F. Null, Sec. Treas.; D. Rounds, V. Pres.; B. Phillips; R. Qualiza; B. Spenle, Pres.; D. Bacon.

Because of the growing interest in photography among the students, a photography club was organized again this year after a lapse of three years. In this club the students get much satisfaction from seeing the results of their own efforts. A photo contest is held where their abilities are put to a test. The club is a very useful one and many times the members are able to develop film for students. The boys are all very interested in photography and they experimented with various types of films, cameras, photography papers, and development processes used in photography.

A dark room on third floor is at their disposal and it is the duty of the members to keep this in order.

This club wishes to promote interest in photography and expand the membership in years to come.

Officers for the club this year are F. Null, Sec.; R. Spenle, Pres.; D. Rounds, V. Pres.

JETS DEEPEN INTEREST IN TECHNICAL ADVANCES

Officers are D. Ewald, Pres.; T. Thalman, V. Pres.; P. Davis, Treas.; P. McCleary, Sec.

The "Jets", a new science club, was formed this year for those students interested in science. The club was organized by both physics and chemistry groups.

Science kits donated by Bell Telephone Co. were used as projects on which the members could work during regular meetings. These meetings were conducted by Mr. Remmele.

The objective of the Jets is to present to each member a broader scope of knowledge of engineering and its various fields.

It is sincerely hoped that more interest will be shown in coming years and that the roles of the club will swell with the names of student scientists.

The recreational basketball program is an integral part of the athletic program at B.M.H.S. Teams are organized through participation of boys who aren't active in varsity or junior varsity teams. These teams are made up of boys in their respective homerooms from the sophomore, junior, and senior classes.

The games are played on weekday evenings and there is a lot of vigorous playing.

This program is a very worthwhile one and many boys participate in it. This is a great opportunity for the boys who are interested in basketball to show their ability through competition.

G.A.A. is a fun-loving organization composed of girls who have a mutual love for sports. The girls meet once a week to engage in exciting and rewarding activities. Not only is co-ordination obtained, but the girls also learn to cooperate with others for team effort.

Some of the sports activities include volleyball, basketball, softball, and field hockey. At the close of the year the annual teacher-student basketball game is held. The women faculty challenges the G.A.A. girls to a rousing basketball game.

MARCHING BAND STEPS HIGH

In the summer for one week preceding the beginning of school, all band members, particularly the sophomores, are requested to come to the high school to learn and review fundamental movements of the marching band. This program is conducted solely by the band officers. The band held its traditional pre-school picnic at Sugar-River and the officers also planned a winter holiday party, where the members enjoyed dancing, swimming, volleyball, and ping-pong.

One of the traditions of the band is the approval sign given by Mr. Cuthbert after an excellent performance during the half-time at football games. The annual Spring Concert displayed the work and accomplishments of the band.

The band performs at pre-game and half-time shows at football and basketball games. They have also participated in the various parades held in Beloit. As a special project this year, the Wind Ensemble prepared a concert and performed for the high school bodies at Big Foot and Williams Bay, Wisconsin.

The main objective of the band is to develop the individual, musically and socially, and to expose each member so that he will develop an appreciation of good music.

Dance Band Performs At School Dances

Band members must maintain a "B" average in Band for admittance to the Dance Band. They are a very active group of students who perform at school dances after football and basketball games. They play a variety of songs and are rewarded with a fine turn-out from the student body at dances. They perform at the three junior high schools, and participate at a clinic or contest during the school year.

The Dance Band gives its members an opportunity to play, and study modern dance band music.

The orchestra of Beloit Memorial High School participated in many programs this year. Some of the main concerts put on this year were: the Christmas Concert, the Spring Concert, and the touring concerts to various schools in Delevan and Darian. The orchestra provided background music for the school play "The Music Man" by Meredith Wilson, presented in January of this year. They also performed concerts for the three junior high schools of Beloit.

This year's orchestra was composed of forty-five students. Most of them have been playing their instruments since fifth grade when their first instructions were offered.

The orchestra of B.M.H.S. has been in existence for approximately seventy-four years and Mr. Gates was the director this year. The same credit is given for orchestra as for any other course; the members are not only developing their own music ability but adding to the cultural activities of the school.

Rose Mary McKearn concentrates on next lesson.

Performances this year included a program at the Lion's Club, an assembly, the Christmas concert, and singing at baccalaureate. Choir members attended the stage play "Camelot" in Rockford as part of their program.

The members responded vocally to the direction of Mr. DeBruyne, thus producing the rich tonal sound which brings acclaim to the musical group at Memorial High.

180 CADETS ENROLLED

Reviewing his assembly procedure speech, Cadet Captain Christianson prepares for classroom instructions.

Learning the proper care and supply of equipment for 180 cadets is First Lt. Coppernoll.

Learning the assembly of 3.5 rocket launcher are Cadets Anderson and Churchill. After all weapons are demonstrated and safety instructions are learned, the cadets are allowed to fire the most weapons under the close supervision of Regular Army Officer Captain Moran, S.F.C. Niles and S.S.G. Poisson.

N R.O.T.C. ORGANIZATION

Under the supervision of Regular Army SSG. Poisson, Cadet Col. Thomson inspects serial number recording of 1st Lt. Coppernoll. All cadets are taught to realize the very accurate accounting methods of the Army.

Classroom training aids are given by Cadet Lt. Col. Martin to Cadet Capt. Peer.

Many girls receive instructions about weapons. Judy Schaefer, a member of the girls' rifle team, scores targets for cadets Anderson and Churchill. This year, the Fisherettes were invited to participate in the rifle match in Milwaukee. The marksmanship of these girls was better than many area schools' male team scores.

The Fisherettes is an organization for girls connected with the Reserve Officers Training Corp. A girl must be able to demonstrate by firing a rifle, that she has the potential to become a Fisherette. The girls compete locally against area gun clubs.

The main event of the year is the Milwaukee Sentinel Shoot. The objective of the Fisherettes is to instill spirit of competition, good sportsmanship, discipline, and marksmanship training. Their one recreation is a field trip to Milwaukee Sport Show.

SPORTS

INTERPRETATION BY RICHARD HAYWARD

The overall impression of this painting denotes dynamic action, best represented by the whirling basketball as the central focal point. A football, basketball, and baseball, together with the playing areas of the gridiron, gymnasium, and diamond, focus the attention of the observer upon the three principal sports at BMHS. The sun, source of all earthly life, symbolizes the radiating influence which participant sports makes on Memorial athletes, both mentally and physically.

Thus action and character influence the prime attributes of scholastic athletics are keynoted in a movement of color. And what better non-academic experience can an individual receive in preparation for a lifetime of challenge?

INTERPRETATION BY ARTIST Nellie McGinnis

This abstract symbolizes that feeling of restlessness and excitement while watching "my team" win.

In painting this I tried to express the tension of a long run to make the final touchdown; the excitement of the best teammate up for a free-throw; or the thrill of being the first to cross the finish line in a race.

When one loves sports, one feels like busting out with bright, cheery exciting colors, as represented in my painting.

SEASON OF THE CHAMPS

Beloit 6 Rockford East 13

The Knights scored early in the first half on a pass interception by Duane Heikkinen. The E-Rabs scored twice on long runs in the second half. The Knights couldn't recover the lead.

Beloit 14 Racine Park 0

The Knights won the conference opener by beating a strong Park team. The Knights' first score came in the first quarter pass from Harris to Tobias. In the third quarter the Park punter missed a hike and the ball went into the end zone where Beloit recovered it for 2 points. In the fourth quarter Grady smashed in from the 5 yard line for a touchdown.

Beloit 21 Kenosha 0

The Knights mauled a highly rated Kenosha team. The Knights scored 21 points in the first half and coasted in from there. The defense bore the load in the second half and held Kenosha scoreless. The Knights' scores were by a Harris to Tobias pass, a 1 yard blast by Georgeff, and a 20 yard run by Wilson.

Beloit 13 Racine Horlick 6

The Purple Knights put down an extremely tough Horlick team. Both defenses were good, but Horlick failed to stop Harris from sneaking over, from the one yard line, in the second quarter. Beloit's next T.D. came when Harris hit Wilson with a 7 yd. pass and the big junior romped over 5 defenders. The Rebels' only score came in the third quarter.

Beloit 63 Madison Central 0

Beloit completely dominated the game with the Downtowners. The Knights' defense had Central completely snowed under all night. Beloit tallies came from Mike Heikkinen 2, Tom Georgeff, Dan Martin 2, Pete Caldwell 2, John Harris, John Hosterman, and Bob Champion with 9 straight p.a.t.s.

Beloit 7 Madison West 6

In a game that the Knights were determined to win, Beloit found victory and a tough battle. The Knights scored on a 41 yard run by Wilson. West scored in the third quarter but Tom Georgeff saved the game by blocking West's extra point try. A defensive battle ensued.

Beloit 0 Madison East 20

Beloit found a letdown the week after winning a share of the conference championship. Beloit had one touchdown called back and never threatened seriously other than that. East scored all of their T.D.'s through the airlanes.

Beloit 33 Janesville 0

Beloit cinched the conference championship by trouncing Janesville 33-0. Beloit's rugged defense was never threatened by the Bluebirds. Purple touchdowns were scored by Dennis Wilson, John Tobias, Dan Martin 2, and Tom Georgeff. Bob Champion kicked 3 extra points in 5 tries.

SEASON OF THE SQUIRES

Coach Baxter's Purple Squires enjoyed a successful season, closing with a 3 win, 2 loss and 2 tie record. All of Coach Baxter's teams are faced with an immediate handicap because they come from three different junior high schools. Coach Baxter and Coach Eberhardt always do a fine job of molding a strong well-balanced team. Under this excellent leadership they were sure to continue their winning tradition.

COMMENTS FROM THE COACH

This was our best cross country season. We were still greatly handicapped by a small squad. We were unable to run a B squad in any meets this year. I believe that our first three runners were as good as any three in the state, but we were unable to develop a good fourth and fifth man.

SUMMING UP THE SEASON

This year's wrestling team turned in a fine season under the leadership of Coach Eberhardt. Their season helped to maintain Beloit's winning tradition. The varsity finished the season with a nine win and four loss record. The team finished fifth in the conference, third in the regional and third in the sectional. Four out of five boys entered made it to the state tournament.

Gary Stults was Beloit's team captain. Gary turned in a fine season by going undefeated through the regular season, and through the regional and sectional. The four wrestlers who will represent Beloit at the state wrestling meet are: Cliff Doerr at 103 pounds, Gary Stults at 180 pounds, Bob Tamblyn at 120 pounds, and Charles Confer, Beloit's heavyweight.

. . . AND ALL-CONFERENCE IN FOOTBALL

Gary Stults was one of Beloit's most outstanding athletes. He won two letters in football by playing guard on both of Beloit's conference championship football teams. In his senior year he was selected as one of the first team guards on the All Big-Eight team.

As a wrestler, Gary was a varsity wrestler and helped the team greatly.

In his senior year he capped off his career as a high school athlete by going undefeated the whole year, winning 28 matches and losing none.

Gary handled football opponents with ease.

Beloit's baseball team grabbed off fourth place in the conference. The Knights had a 7 win and 4 loss record and finished behind Madison Central, Racine Park, and Kenosha, who finished first, second, and third respectively.

Coach Mickelson did a fine job of rebuilding the squad. Graduation in 1962 took twelve lettermen from Coach Mickelson and left him only three junior lettermen.

In the state tournament the Knights were eliminated by Watertown in the sectional. The Knights won the district tournament by beating Albany, Wilmot, and Orfordville. From the district the Knights advanced to the sectional where Watertown beat them 5 to 4.

A GOOD SEASON EXPECTED

Coach Provus is expecting fine results this year from a nucleus of returning veterans.

Last year the Purple Knights were in a building process and finished with a fairly satisfying 4 win, 4 loss and 1 tie record. The squad's developement was shown when they captured a strong fourth in the conference match.

Beat a man.
Anyway, it was a great year wasn't it? I don't know where you were in our Sophomore year, but the minute I spied you in our Jr. yr I knew you were OK! you looked so quiet & innocent & then I met you! Seriously, I really respect and admire you, even if you're a little nutty. I think you were terrific as Marion and role a great success. I'll never forget Larry Baby or Sylvia Will golfers & at lost play to go some tennis. I'm really sorry if I blurted out your gym-suit, but I meant to anyway, ha ha. I'll never forget all the fun we had with you in Sub Deb and the rest. I'll always remember Goodold choir & 7th hour. I wish you the best of luck next year and Bonnie will have a great Specializing in the time. I plan on seeing a lot of you this summer - but really, let's get tog!!! Best wishes always, be a wonderful girl.
Affectionately always Wards.

A great future for you in the

GIANT PAPER INDUSTRY

When you're thinking about your future, your career, keep *paper* in mind. It offers great and challenging job opportunities. Papermaking is almost 2,000 years old, so it doesn't get sensational headlines. But paper, in a multiplicity of forms, is essential to daily living; and the paper and allied products industry ranks astonishingly high among those which make up our nation's economy. It employs more than half a million people . . . has total assets exceeding nine billion dollars . . . and net sales of over 12 billion dollars a year. Moreover, it is one of America's most vigorous growth industries. In paper sales, research, science, and engineering there may be a great future for you! *Write for free booklet, "Growth With an Exciting Business," which gives job descriptions and a list of scholarships available. Address: Paper Industry Career Guidance Committee, 38th Floor, 122 East 42nd Street, New York 17, N.Y.*
